PLANNING

Official Plan and Zoning By-law Review

The Township of Georgian Bay has begun its 2026-2028 Official Plan and Zoning By-law Review. This important process will help guide future growth, development, and land use across the Township.

Residents, businesses, and stakeholders are encouraged to stay informed and share their input throughout the review process.

Why is the Township conducting an Official Plan & Zoning By-law Review?

Meet Provincial Requirements

- Municipalities are required to periodically review planning documents to ensure they align with current provincial policies and legislation.

Plan for Future Growth

- Ensure the Township is prepared for future development, housing needs, and changing community priorities.

Protect the Environment

- Update policies to support environmental protection, sustainability, and responsible land use.

Address Community Needs

- Reflect feedback from residents, businesses, and stakeholders about how the Township should grow and develop.

Improve Clarity and Consistency

SPRING IS HERE!

Half Load Season

Started March 9, 2026

TRAVEL LIGHTLY

Starting March 9, 2026 half-load restrictions will be in effect on all District and Township roads. During this period, vehicles are limited to a maximum of 5 tonnes per axle, unless otherwise posted.

Half load season typically runs through the spring thaw and will remain in place until road conditions stabilize.

FROST IS LEAVING THE GROUND

As temperatures rise, frozen roadbeds begin to thaw from the top down. The surface may look stable, but underneath it can be soft and saturated.

WATER WEAKENS THE BASE

Melting snow and ice introduce moisture into the gravel and sub-base layers. Water reduces the structural strength of the road, making it more vulnerable to heavy loads.

OUR GOAL

Heavy vehicles on weakened roads can cause rutting, cracking, and long-term structural failure. Limiting axle weight during this period helps extend the lifespan of our infrastructure and reduces repair costs for taxpayers.

What This Means for Drivers & Contractors

If you operate commercial vehicles, transport materials, or schedule deliveries, please plan accordingly. Loads may need to be reduced, rerouted, or delayed until restrictions are lifted.

Protecting our roads during this short seasonal window helps ensure they remain safe and reliable for everyone throughout the year. For updates on the status of half-load season or specific road inquiries, contact the Township or visit the [Municipal website](https://www.gbtownship.ca).
